Our Mission

The Crooked Creek Art League (CCAL) was founded in 1995 to encourage and support new and established artists; to educate and encourage each other's work, and to grow the visual arts in our community by offering artists avenues to improve skills, display, and sell art. Members create 2D work in acrylics, mixed media, oils, pastels, pencils, photography, and/or watercolors; and 3D work with ceramics, metal, clay, jewelry, gourds, stained glass and/or wood carvings. CCAL is a 501(c)(3) organization.

We believe bringing art into a community strengthens it in innumerable ways.

This organization is funded in part by the South Carolina Arts Commission which receives support from the National Endowment for the Arts. Additional support in the grant comes from the John and Susan Bennett Memorial Arts Fund of the Coastal Community Foundation of South Carolina.

Workshops

Numerous workshops in a variety of media are taught by well-known artists throughout the year and are available to both members and non-members. Members are allowed to reserve their spots in workshops before the general public and receive reduced rates. View upcoming workshops at CrookedCreekArt.org.

Community Art Projects

CCAL has partnered with the Town of Chapin to provide art for the community. CCAL artists created large metal sailboats for its inaugural community art project in 2018. A large mural was painted at their home base, Crooked Creek Park in 2019. In 2021, square metal trail markers were painted. In 2023 a seven-foot tall, three-sided mosaic obelisk sculpture and a large-scale mural downtown were unveiled. In 2024 turtle art rocked the town. Most projects end with an auction of the artwork to raise funds for future projects. Most of the artwork remains in public spaces. Collectively, these pieces comprise the Chapin Art Trail, a self-guided tour of over 30 pieces of art displayed throughout the town. CCAL hopes these artworks serve to inspire and remind residents and visitors of Chapin's unique beauty.
